

## CROKER SWEEP OUT OF NEW YORK

Low, Fusion Candidate  
for Mayor Wins by  
30,000 Plurality.

## A WAVE OF REFORM

Fighting Jerome Elected Dis-  
trict Attorney by 8,000—  
Van Wyck Defeated.

## IT GRIEVES TAMMANY

New York, Nov. 6.—There is rejoicing today at the complete overthrow of Tammany Hall. Low's plurality will reach thirty thousand. Even the fusion board of aldermen seems this morning to have been swept into power, probably standing fusion 38, democrats 35. Mayor Van Wyck for the supreme court justice ran twenty thousand behind the rest of the Tammany ticket.

The reform forces have made a clean sweep. Their victory is decisive and complete. Low has carried every one of the five great boroughs excepting Queens.

William Travers Jerome is elected district attorney of New York county, and the machinery of public prosecution is thus placed in the hands of a fearless man for two years. Between now and Jan. 1 there will be a great exodus of thieves, bribe takers and all sorts of vicious men from the City of New York.

Republicans Get Everything  
Reports received from the various sections of New York state show that the republicans will retain control of the lower house of the legislature, the number of the republican and democratic assemblymen not differing materially from the figures of preceding years. In the various municipal contests reported from up the state the most interesting elections noted were those of Albany, Troy, Rochester, Syracuse and Buffalo; all carried by the republicans.

Due to the Women  
The joyful crowds last night and this morning were well dressed, and well behaved. Among them were thousands of pretty girls and comely women, not the sort of women who are usually so much in evidence along Broadway, but girls and women out with their brothers, fathers and sweet hearts, and all tooting horns like mad. Such jubilation among the women over a political event was never before seen. Probably if the truth could be learned we should know that it was the women who won the battle; and as one sees them parading Broadway, bubbling over with happiness, one cannot suppress the thought that they have redeemed New York and have a right to come out and show their gratitude.

Decency Won the Battle  
The World (Dem.) in an extra edition says: "Seth Low is elected mayor of Greater New York. The bitterest, most exciting municipal campaign in the city's history ends in the downfall of Tammany Hall and the triumph of the fusionist forces."

It was decency against indecency, as Justice Jerome put it, and indecency was swept aside by an avalanche of votes.

Shepard Congratulates Low  
Edward M. Shepard made public acknowledgment of his defeat today. He sent a telegram of congratulation to Mr. Low and dictated a statement to the reporters, in which he expressed his hope that the incoming administration would be a successful one.

With all sincerity I wish you the utmost success in the great office to which the people of Greater New York have called you.

Crocker Out of Politics.  
Mr. Crocker, Maurice Untermyer and Senator T. D. Sullivan were together at dinner today and it is said

on good authority that a little later Mr. Crocker said this was his last political fight. Mr. Crocker asked Senator Sullivan whom he desired as leader. Senator Sullivan answered that John F. Carroll would be pleasing to him. Then and there, it is stated, Richard Crocker abdicated his leadership of Tammany Hall and turned it over to John F. Carroll. No Excuse to Offer Says Crocker.  
Richard Crocker said late today: "Tell the people for me that this election is the voice of the people. I have no excuse to make or reasons to offer. The people evidently wanted a change, and if by getting a change they are going to better the city, I approve of it. It is only through such movements that a change of administration is brought about. If one party continued in power all of the time it would be a monarchy. It is sometimes a good thing to have a change."

Reports From Other States  
Cincinnati, Nov. 6.—Although Gov. Nash was out because of his refusal to allow the Jeffris-Ruhlin fight last spring for the benefit of Sangerfest hall Hamilton county went overwhelmingly republican.

Leavenworth, Nov. 6.—Reports from all over the state this morning show that both houses of the legislature have a strong democratic majority. On joint ballots the democrats will have at least ninety eight, insuring the election of a democratic senator to succeed Duboe, republican.

Lincoln, Neb., Nov. 6.—The returns are coming with accustomed slowness but those in at ten o'clock this morning show steady republican gains. Sedgwick for supreme judge will have not less than eight thousand majority.

Boston, Nov. 6.—Massachusetts complete gives Crane twenty thousand plurality.

Trenton, N. J., Nov. 6.—Murphy, the republican candidate for governor, will have a plurality of fifteen thousand and over Seymour, democrat.

Harrisburg, Pa., Nov. 6.—The revised returns indicate that Harris is elected state treasurer by over fifty thousand plurality.

Baltimore, Nov. 6.—Late advices indicate that the state outside of Baltimore will elect a democratic legislature insuring the return to power of Gorman. The democratic ticket in this city is badly beaten.

## HOT FIGHT OVER A SACRED TASK

Franciscans and Greeks Contend for  
Privilege of Sweeping Church  
of Sepulcher in Jerusalem.  
Jerusalem, Nov. 6.—The church of the Holy Sepulcher, surmounting tomb, was the scene of a sanguinary affray on Monday last between the Franciscans and Greeks, during which there were a number of casualties on both sides.

The dispute arose on the question as to which community had the right to sweep the church.  
Troops had been posted in the vicinity for several days previous to the outbreak in order to prevent the anticipated collision, but they were outnumbered and overpowered by the contending parties.

## NAVIGATION ON YUKON IS ENDED

Dawson Expects Heavy Ice Travel Dur-  
ing the Winter.—Steamer Dirigo Brings Alaskan News.

Port Townsend, Wash., Nov. 6.—The steamer Dirigo from Skagway brought 100 passengers and 700 tons of canned salmon. Navigation is practically ended on the Yukon. On Oct. 27 cake ice was running out on Pelly River into the Yukon. Slush ice was running at Dawson and the river was daily expected to close.

Great preparations are being made at Dawson and during the winter there will be strong competition for over ice travel. An opposition stage line will be put on. A large number of men are working on roads and trails, and when the river freezes everything will be in readiness for stages.

## FLIGHT OF DUCKS IN FULL SWING; BADGER NIMRODS OUT WITH GUNS

In Northern Wisconsin the Deer Are More Plentiful  
This Fall Than for Many Years Past.

With the advent of the cold wave which struck Wisconsin Sunday morning and rendered heavy clothing a necessity, the rush of northern ducks into the state awakened the nimrods who have been waiting for several weeks to go shooting to a realization that their opportunity to hunt ducks successfully had arrived.

Reports from the leading ducking grounds in Wisconsin last night indicated that the flight of the bluebill, canvasback, red head, mallard and pintail ducks is now under full swing and that excellent bags have been made during the past two days.

Beginning next Monday hundreds of hunters will pack up their traps and depart for the northern part of the state, where deer abound in countless numbers and until the last day of the month will be in quest of "big game."

and Michigan, and the task of hunting deer is not an arduous one in them. The dense pine forests, while affording a safe retreat for the deer, make the sport the more interesting for the hunter who is fond of exploring and the study of nature.

The red or Virginia deer is the species the most abundant this year. The color of its coat varies with the seasons, being bright red in the summer, deepening in shade toward the fall, being grayish in September, and in October and November assumes a mottled or bluish color. The white on the throat and tail is always present, from which latter characteristic the deer is commonly known as the white-tail deer.

As to the methods employed in hunting deer still hunting is the most practical. Just before sundown is the best time, as the deer come out of their recesses and traverse their runways to the waters. The old time belief that large caliber bullets are necessary to kill deer is no longer sustained, hence a small cannon is not an essential part of a hunter's equipment.

## TERRIBLE HOLOCAUST AT HURLEY; TEN PEOPLE LOST THEIR LIVES

Fire Broke Out in the Klondike Theater, and Most of  
the Actors and Actresses Burned to Death—  
Was An Appalling Calamity.

Hurley, Wis., Nov. 6.—(Special)—Fire broke out in the Klondike theater this morning which turned out to be a terrible holocaust in which ten people lost their lives.  
Everyone in the large building was asleep and the alarm was not turned in until the whole building was ablaze. The theater and two buildings adjoining were totally destroyed before the fire department could get the flames under control.

Following are the names of the dead:  
C. W. CLEVELAND, attorney, Hurley.

TIM RYAN, actor, Ironwood.  
FRANK L. GAY, stage manager, St. Louis.  
THOMAS LECLARE, Hurley.  
THOMAS OZZONNE, Hurley.  
HARRY RAYMOND, GEORGE ELIOT, boxers, Canada.  
H. P. CLIFFORD, comedian.

MISS CLARA BONNE, actress.  
MISS JENNIE BARBER, actress.  
WILLIAM RUSHBOLT, barber, Ironwood, Mich.

Miss Barber died of her injuries at the hospital, making the number of deaths eleven.  
The two buildings adjoining the theater were occupied by Mike Cummings and Harrington & McPherson, both saloons, and are total loss. The total loss on three buildings is about \$20,000 with \$3,000 insurance.

Big Fire at Appleton  
Appleton, Wis., Nov. 6.—(Special)—Fire was discovered in the Wisconsin Malt and Grain company's elevator this morning and but for the prompt service the entire structure would have been ruined. The loss by fire and damage by water is estimated to be between \$25,000 and \$30,000, all of which is covered by insurance.

## GEN. CORBIN AND MISS PATTEN WED; SOCIETY EVENT AT WASHINGTON

President Roosevelt, Wife and Daughter, and Many  
Officials of the Army and Navy Present—  
Dewey and Miles Absent—The Bride's Dress.

Washington, Nov. 6.—No wedding in Washington in many years has awakened more interest in social circles generally than the marriage of Miss Edyth Patten to General Corbin which took place at the home of the bride in Massachusetts avenue at noon today. Not only is the interest felt here, but it extends from sea to sea, and even from the far away possessions congratulations have been pouring in upon the happy couple all day.

Many out-of-town guests arrived last night. Cardinal Gibbons officiated with the beautiful ceremony of the Roman Catholic church. The bride was attended by her two younger sisters, whose lovely gowns of white mull, relieved by billows of white lace, were made in Paris.

The wedding gown is of the heaviest white satin, made with a sweeping court train of great length. The waist is laid in soft folds and finished with a yoke of finely plated tulle. A soft stock collar of the same material will be encircled with the diamond collar presented by the bride's sisters. The sleeves of this simple but magnificent gown are made close fitting at the top, but full at the hand, falling into a band of plaited tulle to fit the wrists. Rare point d'Alencon lace falls in graceful festoons on both the bodice and sleeves.

The bride will also wear a rare brooch presented by the groom, bird's egg turquoise, surrounded by diamonds. The wedding veil is full and long, falling in soft billows to the edge of the train, and is of rich old point lace. All of the lace worn by Miss Patten on this occasion possesses more than its intrinsic value, in that it belonged to her mother and was worn by her. A shower bouquet of lilacs of the valley will be carried.

The bride was attended by her sisters, Josephine and Helen, and given away by Senator Jones of Nevada. Grouped before the couple were the President, Mrs. Roosevelt, Miss Alice Roosevelt, nearly all the cabinet, supreme court, diplomatic corps, and scores of officers of the army and navy and ladies. There were six hundred guests. The absence of General Miles and Admiral Dewey were noted. Corbin is twice the age of his bride, who is one of the wealthiest heiresses in Washington.

Says the Disease  
IS NOT SMALLPOX  
Dr. Rodermund Lectures on His Theory at Little Chute, Wis., and Denounces Health Board.

Little Chute, Wis., Nov. 6.—Fifty cases of smallpox in this village brought Dr. M. J. Rodermund here last night in an endeavor to make converts to his theory that contagion does not exist. In opposition to his lecture were the village health board and the Catholic priests, who feared that if Rodermund's advice were followed it would be impossible to maintain quarantine. Armed guards were present at the lecture and prevented a demonstration. Dr. Rodermund advanced his theory that contagion does not exist and gave out the following signed statement:

"I brand the State Board of Health of Wisconsin, together with the members of all city health boards, as doleful ignoramus of physical or physiological laws, or willful deceivers of the public for the money there is in it. I state the above as truth and can prove the accusation by natural and physiological laws."

Burglars Make Good Hunt.  
Scranton, Pa., Nov. 6.—Thieves entered the residence of Reese G. Brooks, a wealthy coal operator, and secured diamonds, rings, pins, etc., two gold watches and \$140. The total haul will aggregate \$2,500. The burglars left no clue.

## POOR ADDRESSES ON MAIL MATTER

During the Last Year the Department  
Handled 17,198,995 Such  
Pieces of Mail.

Washington, D. C., Nov. 6.—The annual report of the general superintendent of the railway mail service, which was made public this afternoon, shows that there were 17,198,995 pieces of mail matter illegibly addressed, so as to require special attention before delivery could be effected, an increase of over 2,500,000, as compared with last year.

Of this over nine and one-half millions were returned to writers or corrected, and forwarded to their destination. The balance went to the dead letter office.

There were during the year 825 casualties in which seven clerks were killed, and sixty-three seriously injured, and 223 slightly injured. This is the largest number of casualties ever recorded in one year in the history of the service.

## PLOT TO MASSACRE WAS FRUSTRATED

A Murderous Scheme of the Filipinos  
Against Americans Boiled by  
a Native Woman.

Manila, Nov. 6.—A plot to massacre the American garrison at Moncada, Province of Tarlac, Island of Luzon, has been revealed by the wife of one of the conspirators.

Several of the town officials are implicated in the murderous scheme. The woman who revealed the plot hid a detective beneath a house in which the leaders of the conspiracy were meeting. Arrests followed and many incriminating papers were seized.

The plan was to set fire to a house close to the barracks after dark and when the soldiers came out to assist in extinguishing the flames, 150 conspirators, armed with bolos, were to rush on the guard, capture their arms and proceed to massacre the garrison.

## INDIGNANT FARMER WANTS PROTECTION

Says His Corn Is Being Destroyed by  
Squirrels and His Apple Trees  
by Rabbits.

Madison, Wis., Nov. 6.—(Special)—An indignant farmer from the western part of the state, who says his corn is being destroyed by squirrels and his apple trees by the rabbits, has written State Game Warden Overbeck a letter, demanding reparation and that he take care of his squirrels and rabbits, both of whom are now protected by the game laws. His letter, verbatim, is as follows:

"Mr. Henry Overbeck State warden Madison Wis. dear sir your Squirrels are destroying my corn they have destroyed 25 bushels of corn and I want you to come and take care of them and pay damages and the rabbits has destroyed 2 hundred apple trees for me now you must take care of them and pay for the trees which cost me 50 dollars let me hear from you at once."

## MISS STONE ALIVE AND WELL TREATED

Consul General Dickinson Says That  
Missionary Is Being Well Cared  
for by Bandits.

Sofia, Bulgaria, Nov. 6.—United States Consul General Dickinson of Constantinople returned here from Samokov today. He authorizes the statement that he is satisfied that both Miss Ellen M. Stone and her companion, Mme. Tallka, are alive and well treated.

Mr. Dickinson's return is not due to any interruption in the exchange of communications with the brigands which are still going on. It has been ascertained that the band intended to kidnap Mr. House, a missionary at Salonika, at the same time as Miss Stone, but the design failed.

Two days before Miss Stone was abducted brigands fired five shots at a gendarme near Raslog; and the local authorities knowing that bandits were in the neighborhood, should have supplied an escort.

## BURNED AT STAKE BY SOUTHERN MOB

Negro in Mississippi Makes a Confes-  
sion of Assault, and Is Ex-  
ecuted Without Delay.

Gulf Port, Miss., Nov. 6.—A negro, whose name has not yet been learned, was burned at the stake in Perry county, Miss., on Saturday night. The crime for which the negro suffered was committed early in the morning and Mrs. Fortenberry was the victim. She is the wife of one of the most prominent men in that section.

A negro answering the description given by Mrs. Fortenberry was caught taken, and identified by her.  
An informal court was organized by the members of the posse. The trial resulted in a decision to burn the negro at the scene of his crime.

## DEATH OF CHARLES W. FELKER; OLD TIME RESIDENT OF OSHKOSH

One of the Best Known Lawyers in the State—Had  
Nervous Prostration, and Later Anaemia.

Oshkosh, Wis., Nov. 6.—Charles W. Felker, senior member of the law firm of Felker, Stewart & McDonald, of Oshkosh, and one of the best known lawyers in the state, died at 10:30 last night at his home on Washington street after an illness of about one week. His death resulted from heart failure due to pernicious anemia.

Mr. Felker came to Winnebago county in 1846 with his father, Andrew Felker. He received his education in the Brockport Collegiate Institution of New York and the Charlottesville Institute of Schenarke county in the same state. In 1856 he became editor of the Oshkosh Democrat and held that position for a year and a half. About this time he began the study of law and prosecuted it with such vigor that he was admitted to the bar in 1858 and in 1875 was admitted to practice in the United States supreme court. In a

## "NICK" MORAN SHOT HIMSELF

Well Known Former Res-  
ident of Janesville, Sui-  
cides at Brodhead.

Brodhead, Wis., Nov. 6.—(Special)—Nicholas Moran, well-known in Janesville where he ran a saloon for many years, committed suicide here this morning by shooting himself twice, once through the head and once through the chest. Death was instantaneous.

## USED A REVOLVER

Struck in the Head and Chest  
and Death Was In-  
stantaneous.

## FAILED IN BUSINESS

"Nick" Moran has been a public character in this section for many years. He was active in politics and was known in his heyday as the "Boss of Brodhead." For a year or more he has been less active and his once flourishing business had fallen off to almost nothing.

Some time ago he sold his saloon to William Koeppler and was in such financial straits that he wanted a job as barkeeper for Koeppler and had arranged to go to work in a day or two. But his losses and poverty made a deep impression upon him and he was morose and sullen and paid very little attention to business or his family.

This morning he got up early and was walking around the back yard of his residence when he was called in to breakfast. He responded that he would be in the house pretty soon. Only a moment after his wife heard two shots in rapid succession. She ran into the back yard and found her husband dead, weltering in his own blood. A physician was called but he found the man beyond human aid.

It is said that he had recently made threats that he would end his life and that his family had been anxious about him for some time.

A coroner's jury was at once summoned and they rendered a verdict that Nicholas Moran had come to his death by his own hand, by the use of a 32 calibre revolver.

It is evident that he had contemplated self-destruction for some time. He leaves a wife and four children in destitute circumstances.

"Nick" Moran came here from Beloit a number of years ago and opened up a saloon on West Milwaukee street and conducted it for several years. He was a man that made many friends and always had a laugh or a joke for his acquaintances. He had trouble with the police after being here some years and sold out his saloon business and went to Brodhead and has lived there up to the present time. He has a number of relatives residing in Beloit.

Peking, Nov. 5.—Li Hung Chang is reported to be dying.

## PENSION ROLL KEEPS GROWING

Will Certainly Contain Over One  
Million Names at Expiration of  
Current Fiscal Year.

Washington, D. C., Nov. 6.—The pension roll of the United States will undoubtedly exceed 1,000,000 names at the expiration of the current fiscal year. This statement was made today by Pension Commissioner Evans in discussing the affairs of his bureau. On July 1 last there were 997,735 pensioners. During the first quarter of the current fiscal year 988 names were added to the list. If this rate is continued during the year the pension roll will soon exceed the 1,000,000 mark in point of numbers. That it will do so is believed by Commissioner Evans.

## FAST MAIL WRECKED.

Burlington Flyer Crashes Into Freight  
Near Chicago.

Chicago, Nov. 6.—The Chicago, Burlington & Quincy fast mail crashed into a way freight at Riverdale. While both engines were almost demolished and the cars badly wrecked, the crew sustained only slight injuries. The mail train was east bound and was three hours late. It was running at a high rate of speed and officials of the road are inclined to blame the operator at Riverdale for the accident. Those injured are: Frank H. Rees, Aurora, Ill., conductor of the mail train; leg bruised and head hit; not serious. J. M. Kelly, Burlington, Iowa, engineer of the mail train; face cut and body bruised; not serious. James Watson, Chicago, brakeman of the mail train; face bruised; not serious. Thomas Gregory, engineer of the way freight; body bruised and leg hurt; not serious. Harry Douglas, conductor of the freight train; body bruised; not serious.

Man Frozen to Death.  
St. Louis, Mo., Nov. 6.—J. L. Schroeder, living near Pochahontas, Ia., disappeared last Saturday. His frozen body was found Monday in a corn field and was badly mangled.

## MAY BE MAFIA CRIME.

Chicago Police Investigating a Mysterious Murder.

Chicago, Nov. 6.—Jammed into a flour barrel and tied up with a clothes line and gunnysacks, the body of a man was found at dawn on the prairie 300 feet east of North Western avenue and a block north of West Chicago avenue. The head was severed from the body by a fearful wound just below the chin, and a blow from some sharp and heavy weapon had left a gaping cut in the left side of the skull, severing the ear and penetrating deep into the head.

The identity of the victim was a mystery for four hours, but at last the police succeeded in having the dead man identified as Antonio Natoli, an Italian, who arrived in Chicago a few days ago from Livermore, Iowa.

A strange coincidence in the murder is the fact that about fifteen years ago the body of Amelia Olson was found on the prairie within 100 feet of the same spot. Her murder was a mystery that has never been solved. In the case of Natoli the police are working on the theory that the crime was due to some vendetta, or else was a case of robbery.

Although fifty officers have spent the day running down clues, no information has been secured regarding the murderers or the place where the deed was done.

Three weeks ago Natoli went to Iowa to work on the Northwestern railroad grade. He had worked there before on previous occasions, and his friends believed that he had a considerable sum of money in his possession. He contemplated going to Italy soon to bring back a wife.

## STEAL GEMS WORTH \$20,000.

Thieves Break Window in Cincinnati—Leave Trail of Diamonds.

Cincinnati, Nov. 6.—Burglars broke the show window of the Duhme Jewelry company's store on Fourth street, between Vine and Race, and stole about \$20,000 worth of diamonds. In their flight they left a trail of diamonds, indicating the direction they took. The stolen diamonds were loose in a tray, and the burglars are supposed to have taken advantage of the noise of a passing wagon or car to break the glass, seize the tray and run. They overlooked other valuable goods in the window.

## Twelfth Antitoxin Victim.

St. Louis, Nov. 6.—The twelfth death from tetanus, resulting from the treatment of diphtheritic patients with antitoxin supplied by the city, occurred here when little Mamie Keenan succumbed. Her brother is not expected to recover. His death will make four victims in the Keenan family alone. Two other children—Blima Goldstein and Mary Kammerer—are in a critical condition from the same cause and their recovery seems doubtful.

## Post Master in Short.

Seattle, Wash., Nov. 6.—Kit C. Dodson, an eastern Washington school teacher, has been arrested charged with embezzling about \$400 while postmaster at Flisk, Mo. He was apprehended on a warrant sworn out by the United States attorney's office here. He will be held at Walla Walla until the Missouri officers arrive to identify him. The alleged crime was committed in February, 1900.

## Manila Plot Is Frustrated.

Manila, Nov. 6.—A plot to massacre the American garrison at Moncada, province of Tarlac, island of Luzon, has been revealed by the wife of one of the conspirators. Several of the town officials are implicated in the murderous scheme. The woman who revealed the plot hid a detective beneath a house in which the leaders of the conspiracy were meeting.

## Funeral of Edward Stokes.

New York, Nov. 6.—The funeral of the late Edward S. Stokes was conducted here privately, and of the small party that followed the casket to Greenwood cemetery a majority were relatives. Miss Rosamond Barclay, who recently claimed that she was married to Stokes, did not appear at the McNutt residence, from which the funeral took place.

## Colombian Sailors Mutiny.

Panama, Nov. 6.—The crew of the Colombian gunboat Darien has mutinied, and the vessel is now in the hands of the insurgents. The Darien has been operating on the Panama side of the Isthmus. It is one of the recent acquisitions to the Colombian navy, and is of small size.

## Made Bishop of Minnesota.

St. Paul, Nov. 6.—Rev. Samuel C. Edsall, formerly rector of St. Peter's church, Chicago, and for the last three years missionary bishop of North Dakota, was formally installed as head of the Protestant Episcopal bishopric of Minnesota at 11 o'clock in Christ church, this city.

## Big Receipts of Alaska Salmon.

San Francisco, Cal., Nov. 6.—Including the cargo of the schooner W. F. Jewett, which arrived Sunday, the total receipts of Alaska salmon, season amount to 1,287,022 cases and 12,949 barrels. The first cargo reached port July 25, in the schooner Una.

## FOR A BABY OF THIS SIZE

Or a baby of any size, when suffering from simple fevers, coated tongue, constipation, or any trouble arising from the stomach, the purest, safest and best remedy is LAXAKOLA, the great tonic laxative.

Mothers, watch your children carefully. Their health, perhaps their lives, depend on keeping their bowels regular. Many parents make a fatal mistake by giving their little children the old-fashioned, violent purgatives which are racking and griping, and are therefore not only unpleasant, but dangerous. Make no mistake, give them

## LAXAKOLA

It does not gripe nor irritate. It is a pure, gentle, speedy and painless liquid laxative. It is not only a sure laxative, but it contains valuable tonic properties which act upon the bowels, tone up the entire system and purify the blood.

A few drops can be given with safety to very young babies, and it will often relieve colic by expelling the wind and gas that cause it. It will aid digestion, relieve restlessness, assist nature and induce sleep.

For constipation, simple fevers, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable. Great relief is experienced when administered to young children suffering from diarrhea, accompanied with white or green evacuations, as LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of the fermentation.

## What Makes Beauty?

Beauty is made or marred by the blood. When the blood is impure, the cheeks grow sallow, the eyes dull, the hair loses its luster. When the blood flows through the veins in a pure, rich current, the eyes sparkle, the skin is clear, the complexion beautiful. Women who use Dr. Pierce's Golden Medical Discovery, find that it is a genuine beautifier. By purifying and enriching the blood it puts a bloom on the cheek and a brightness in the eye, which tell the story of perfect health.

"Having been left weak from fever last October, I was under the doctor's care here," writes Mrs. Alice E. Casebier, of Crawford, Daws Co., Neb. "I took medicine, but did not seem to gain very much. I was tired all the time, had no appetite, had wandering pains all over me more or less, and was very nervous, as I had been sick all the summer. I was all run-down and didn't know what ailed me. I got advice from Dr. Pierce, telling me my symptoms better than I could describe them myself, and also telling me that I would have to take care of myself, and how to take the medicine. I took four bottles of 'Golden Medical Discovery,' and five of 'Favorite Prescription,' and gained strength right along. I took one bottle of the 'Pleasant Pellets,' also. I know that these medicines will do all that they are recommended to do."

Use Dr. Pierce's Pleasant Pellets for sluggish liver.

## MCKINLEY MEMORIAL OFFERING

The following is the form of subscription blanks sent out by the National Memorial association.

The undersigned, residents of \_\_\_\_\_, State of Wisconsin, hereby subscribe the sum set opposite our names for the purpose of erecting a suitable memorial to the memory of our late lamented president, William McKinley, in accordance with the plans of the McKinley National Memorial association which contemplates a monument at Canton, and a suitable memorial at Washington.

## GOLF AND TEMPERANCE.

The Chicago Tribune recently published a very sensible editorial on golf as a promoter of temperance, claiming that the air of fields and the water, barrel had proved wholesome substitutes for the atmosphere of the saloon and the attendant drinks.

It is safe to say that all outdoor sports are not only health promoters, but moral promoters as well. The man who loves nature, and who enjoys the outdoor life, whether making the rounds of the golf links or tramping through the fields and by the streams with rod and gun, is more safely environed than the man who finds enjoyment at the bar, and in the saloon. Like all other recreations, it may be possible to dissipate to excess, but this is the exception.

The average business man is so thoroughly engrossed in business that health is frequently sacrificed, and the average housewife is so full of care and worry, that an hour of recreation seems like time wasted. It is well for this class of busy people that the game of golf was discovered, and that it became popular as the use of the bicycle was discarded.

The age is so fast that it is impossible for people of ordinary ambition to go slow, and in the rush and scramble to keep up with the procession, and get to the front, it is sometimes difficult to realize that life is anything more than a great treadmill of ceaseless and monotonous toil.

The man in middle life plans to settle down at sixty and enjoy with his wife the balance of their days, free from work and worry, and so the couple struggle on, until about the time when ambitions are about to be realized, one of them drops out, and the other, broken in health and in spirit, completes the journey alone.

The time for a man to plan to give up active life is when he is reminded by the feebleness of ripe old age that his work is done. The time to enjoy life, and the wife, and the home, is every day as it comes along. Better the holiday now and then taken from the busy life, with the health and happiness that it brings, than a prospective ten years of idleness in the chimney corner.

It may not be possible for many men and women to become expert golf players, but it is possible for every home to add to its health and happiness by taking time to live. If you can't play golf, for lack of inclination or opportunity, ride a wheel. If the wheel is too vigorous, take a stroll in the fields. If you are too busy for recreation of any kind, it is time to call a halt. Business will go on just the same after you have made the trip to Oak Hill.

Every man and woman owe it to themselves to promote life, and to get out of it all the innocent enjoyment possible. Intemperance is not confined to drink, and its victims are not all drunkards. The intemperate worker commits slow suicide and his family mourn his untimely death.

## TRUE PHILANTHROPY.

The November Review of Reviews contains a very interesting sketch of the life and work of Dr. D. K. Pearsons, that is of special interest to Janesville readers, because the doctor came to the Bower City in an early day.

A native of Vermont, born in 1820, Dr. Pearsons inherited, and has always retained Puritan ideas of honor and honesty. A member of no church, yet intensely Christian he is devoting the last years of his life to what he terms the "fresh water colleges of the west."

He is a self made man, and after working his way through the medical school at Woblastock, Vt., he located at Chicopee, Mass., where he was married, and for twelve years engaged in the practice of his profession, with moderate success. His wife urged him to seek a larger field of operation, and so he came to Wisconsin, and after remaining a short time in Janesville, went to Chicago, where his profession was abandoned for the real estate business.

His new venture was successful from the start, and at the age of seventy he found himself several times a millionaire. He decided to devote the remainder of his life to philanthropic work, and Beloit college, as well as several other western institutions, has been generously remembered. Dr. Pearsons has already given to this class of work over

\$3,000,000, and about double that amount has been contributed as contingent to his donations.

He is living a quiet life at Hinsdale, Ill., and is planning to give away his entire fortune during the next ten years.

## MORE FADS.

The discussion now going on in the Milwaukee schools as to whether "slant" or "vertical" penmanship should be taught, may result in good. It certainly will if any sort of penmanship is adopted and thoroughly taught. The average graduate is a poor penman, and if spelling is to be dropped from the course of study, the boy will need a stenographer, a typewriter and a private secretary to secure a position in a business house at ten dollars a week.

It is about time that some of the fads were dropped and a little common sense adopted. A good business hand and the knowledge of how to spell correctly, are worth more to the average boy or girl, in the industrial and business world, than the entire list of frills that masquerade under the guise of modern education.

The time to acquire this practical knowledge is during the years of school life. It may come later, but not as a rule. The busy world has neither the time nor the inclination to teach either. The boy or girl, turned out of any school, deficient in the fundamental principles of a practical education, will go through life as a monument of folly, for which they are not responsible, and yet for which they alone must suffer.

## THANKSGIVING PROCLAMATION.

The proclamation of President Roosevelt is characteristic of the man. His reference to President McKinley is suggestive, and it will occur to all thoughtful minds that the nation has occasion to rejoice and be thankful, even in its great sorrow, because the departed president bequeathed to the country a goodly heritage.

Another occasion for national gratitude is in the fact that the man who presides at the white house today, is not only honest and God-fearing, but he possesses the courage and ability to faithfully carry out the work left so well in hand, by his predecessor.

While the day of national thanksgiving will be tinged with sorrow, it will be filled with hope, as well as a determination to honor the memory of the nation's dead, by loyalty to principle and a disposition to serve the best interests of humanity.

Judge Chetlain has decided that a man has a right to spank his own wife, but he must not attempt the same sort of punishment on some other man's wife. This will be a relief to henpecked husbands.

The question of fads in Chicago schools is exciting much attention. Judge Carter claims that an eighth grade scholar requires sixty text books, and is expected to carry on successfully 100 studies. If the judge is correct, the city will turn out an army of mental and physical wrecks.

An exchange says that an anxious mother whose son had recently started out in life for himself, became worried because the boy failed to write home. She addressed a letter to the firm asking all sorts of questions, among them where her boy slept nights. The answer was consoling: "Your boy sleeps in the store day times; we don't know where he sleeps nights."

Wisconsin editors must be a revelation to the south. With Waukesha water as the only beverage, Kentucky rye will suffer from neglect. Southern hospitality is equal to almost anything, but Waukesha water is a little thin for regular diet on a junketing tour.

If the governor wants an extra session to square himself with the legislative branch of the government, he should be encouraged. If his object is to discuss anything else, it would be time and money wasted. The prolonged session last winter produced little in the way of results, except scars.

The ransom business in Turkey has opened up a new industry that promises profitable results. There will be more captive missionaries than active workers. The Turk may be a little slow on theology, but Pat Crowe isn't in it when it comes to ransoms.

## WHAT'S IN A NAME?

The editor of the Oshkosh Times is very much perturbed because Secretary of State Froehlich in compiling the state blue book, which by the way, is becoming a costly and foolish expense, used the word "Bryanism" in connection with the last democratic state platform endorsing the national democratic nominees. We think that he is superstitious and has no just cause to be wrathful, for the platform adopted was "Bryanism" pure and simple and as far from the true democracy as light is from darkness; and in giving it its true name, Secretary Froehlich was neither sarcastic nor insulting—for there is only one genuine democracy and "Bryanism" is not that one, and more than La Fol-

letteism is republicanism.—Rice Lake Leader.

## PRESS COMMENT.

Eau Claire Leader: Sir Thomas Lipton says he cannot afford to get married. At least until he has won the American cup.

The troubles in the republican party in Wisconsin must look pretty small to a man named Roosevelt at Washington, D. C.—Eau Claire Telegram.

The Scandinavians of Wisconsin were the first to repudiate the notorious Haugen and his devilish attack on the Hon. John C. Spooner.—La Crosse Republican and Leader.

Green Bay Gazette: Those Nebraska football players should be informed that no Bryan combination can ever win in the state of Wisconsin. Bryanism has been repudiated in the Badger state.

Milwaukee Sentinel: Senator Tillman thinks it will be "necessary to kill 1,000 niggers" to efface the Booker Washington incident. Now if something could only be devised to efface Senator Tillman.

Wonder what some of the newspapers that are comparing Governor La Follette to President Roosevelt would have thought of Napoleon. The similarity is no less striking.—Kilbourn Mirror-Gazette.

La Crosse Republican and Leader: In jumping to the conclusion that all newspapers which refuse to desert the party have been bought, the gentleman from Vernon lays himself open to the suspicion that somebody else has seen him.

Racine Journal: A census bulletin says our natural increase in population is larger in the native born of foreign parents and next in the native born of whose parents were foreign; then comes the colored population and last of all is the native born of whites of the pure native ancestry.

The echoes of that West Superior speech of Tax Commissioner Haugen in which Senator Spooner was so assailed, keep coming in. Meanwhile, the governor finds no time to reprove his tax commissioner for such a breach of official duties.—Racine Journal.

Appleton Post: The Wisconsin editors must be having rather a tame experience on their southern tour. A Memphis dispatch says the second consignment of Waukesha beverages was received by the editorial party this morning. Waukesha beverages! Glad we didn't go.

Had the republicans of Wisconsin elected our old friend, long-headed and long-bodied Jones of Waukesha, governor last year, what a different state of political affairs would exist in Wisconsin today. The machinery of state is quite as delicate as any other and an engineer of uncertain balance can do a power of mischief.—Baraboo News.

## GLOBE SIGHTS.

We have noticed that when we have a ball that every one to whom we go for sympathy has two.

The day a man gets out of bed feeling quarrelsome is the day he meets everybody he knows.

After a woman has discovered, a slight resemblance between the hero on the stage and a lover she used to have years ago, she settles back in her seat in pleasant anticipations. A "show" for the bride is nothing more nor less than a donation party. If the young people were wiser they would give these donation parties to married women who really need them.

Economy in housekeeping consists in saving all the little dabs of potatoes, meat, etc., left at the end of a meal, and throwing them out a few hours later. Extravagance is throwing them out at once.—Atchison Globe.

THAT SCHOOL ARITHMETIC.

The contractor's boy had brought home a problem.

"This," he said to his father, "deals with the cost of constructing the walls of a house of certain dimensions, so you ought to be able to do it."

The contractor took the problem and read it through. Then he read it through again, and scowled, and handed it back to the boy.

"Doubtless it is a very pretty problem," he said, "but until it is stated in a straightforward way so that a fellow can tell what in thunder the man means I will pass it up."—Chicago Post.

## REFLECTIONS OF A BACHELOR.

A fast life does not make a slow death. Most people repent until their sins are forgotten.

A girl has to be engaged two whole weeks before she can take a breath without pretending to sigh.

An experienced mother always coughs loudly in the hall before she goes into the room where her daughter's company is.

Just as long as a woman can keep changing the weight of her husband's underwear, she can't understand how he can catch cold.—New York Press.

## SAVED MONEY ON ELECTRIC LIGHTS

Madison Man Puts in a "Jumpwire," and is Caught at His Little Game.

Madison, Wis., Nov. 6.—(Special)—Paul S. Harloff, a local electrician and proprietor of a store which furnishes electrical supplies and fixtures, is the originator, or at least the beneficiary, of a scheme which has saved him a considerable amount of money for light during the past two years, but which finally brought him to grief in the police court. By it he has beaten the Madison Gas and Electric company which furnishes all the light, except to those who use lamps or candles, in the city, out of an unknown amount of electric fluid. But when Supt. Williams of the company discovered his method Harloff was arrested, plead guilty to the charge of larceny in the municipal court yesterday afternoon, and paid a fine of \$25 and costs.

Harloff's store is lit by electricity and is provided with a meter to measure the amount of electricity used each month. His scheme was to dodge the meter and it proved successful. In an out-of-the-way place back of the meter he cut in what is known as a "jump wire." This diverted the electric current and carried it around the meter, where the wire was again attached to the lights. By means of a button Harloff was able to control things so as to allow enough electricity to pass through the meter so that his bill would amount to something each month. His increasing economy in light aroused suspicion finally, however, and an investigation resulted in the discovery of his scheme. It is said that another electrician has been using the same method, and that a similar fate awaits his return to this city.

## KINDERGARTEN ASSOCIATION

A meeting for the perfection of the kindergarten association will be held in the parlors of the Congregational church on Friday afternoon, Nov. 8, at 3 o'clock. While enough subscriptions have not been received to assure the finances for the undertaking the promoters of the plan have deemed it advisable to organize in order that the school may be started at once. All those who have subscribed and all who are interested in the plan, whether they intend to help financially or not, are requested to be present at the meeting. A constitution will be adopted, officers will be elected and the necessary plans made for carrying on the work.

Funeral of Mrs. C. Swamer. Funeral services for the late Mrs. C. Swamer were held from her home, 251 South Academy street, this morning at 7 o'clock, and although the hour was an early one, owing to the fact that the remains were to be shipped out of the city for interment, a large number of friends gathered to the home to pay the last sad tribute of respect to the departed one. Many beautiful floral offerings also bore messages of sympathy to the bereaved family. The sad service was conducted by Rev. Robert C. Denison, pastor of the Congregational church, and at its close the remains were taken to the depot and taken to Waukesha on the 8:30 train. From Waukesha the remains were taken overland to Brookfield, Wis., where services were held in the church at the cemetery and interment took place. Those who served as pall bearers in this city were James Crowley, Geo. Root, Floyd Dunwiddie, Robert Brown, Al. Brown and Bert Woodhouse.

## Interesting News of Waists

Have you seen this stock of waists? Then you have bought. You couldn't resist the great array of charming styles unless your waist wants were filled for all time to come. To those of you who have not yet invested in waists we say, see our stock; you'll buy or we miss our guess.

French Flannel Waists, — ribbon trimmed, colors: black, red, cadet and old rose, \$2.75. Hemstitched French flannel waists, solid colors with white stitching, \$3.50. Dozens of exclusive style flannel waists — the kind not common, \$2 to \$7.

## Silk Waists...

An ever-changing variety of these dressy garments awaits you at this store. The styles of today are gone tomorrow, and so on. Why? We only buy a few of a kind, because we realize that well-dressed women dislike meeting their raiment at every street corner. Besides quality and price, this store insures exclusiveness in the matter of silk waists. Our taffeta silk waist-black and all colors, hemstitched front and back, sizes 32 to 46, at \$5, is great value; others up to \$12. We show the new velvets and corduroy waists.

## Women's Costumes

The question of perfecting ready-made dresses for women is solved. The styles, the variety, the grace and beauty of those shown on our floors at the present moment amply prove that. We exhibit all the late models in such materials as zibelines, wide wale serges, venetians, broadcloths, hair line stripes, &c. Extra values at \$12, \$15, \$18 and \$22.50. New walking suits of heavy cloths made with unlined skirts.

## Coats...

Never so many of the "just right" coats as are in our cloak room today. 42-inch garments of kersey, lined throughout, \$13.50; others at \$16.50, \$18, \$22.50 that are in great favor; all colors. Nobby coats for misses in red, castor, tan, blue, lined throughout, storm collar, stitched finish, \$10.

## MRS. MCCHESNEY IS MADE PRESIDENT

### FOREIGN MISSIONARY WOMEN ELECT THEIR OFFICERS.

Convention Committees Appointed at the Session This Forenoon—Papers Read and Reports Made During the Session—Condition of the Northwestern Branch.

Janesville women were highly honored yesterday by the Woman's Foreign Missionary society of the Methodist Episcopal church of the Janesville district, which is in convention at the First M. E. Church this morning. Mrs. E. S. McChesney was chosen president of the district organization for the ensuing year. Mrs. James Churn was elected vice president. Mrs. E. W. Lowell was elected chairman of the photograph committee and Mrs. W. Knights will serve another year as chairman of the literature committee.

The Officers Elected  
The election of officers was held at the close of the morning session and resulted as follows:

President—Mrs. E. S. McChesney, Janesville.

First Vice President—Mrs. T. W. North, Milton.

Second Vice President—Mrs. Geo. Trevor, Whitewater.

Third Vice President—Mrs. James Churn, Janesville.

Recording Secretary—Mrs. Frank Wilford, Beloit.

Corresponding Secretary and Chairman of the Mite Box Committee—Mrs. Maria Le Doux, Fort Atkinson.

Treasurer—Mrs. J. W. Storey, Clinton.

Chairman of Photograph Committee—Mrs. E. W. Lowell, Janesville.

Chairman Literature Committee—Mrs. W. J. Knights, Janesville.

Convention Committees

The following convention committees have been appointed by Mrs. North, presiding officer of the convention:

Enrollment—Mrs. A. Crawford.

Nomination—Mrs. M. A. Marshall, Beloit; Mrs. E. S. McChesney, Janesville; Mrs. Patchen, Clinton.

Resolutions—Mrs. Webster Millar, Evansville; Mrs. G. H. Trevor, Whitewater; Mrs. Byrnes, Sharon.

Finance—Mrs. J. W. Storey, Clinton; Mrs. Carrie Spomer, Beloit; Mrs. Mary Clithero, Janesville.

This Morning's Session

This morning's session opened with a devotional service led by Mrs. Clifford, of Beloit with John 15th as the Scriptural lesson and prayers by Mrs. Bosworth, Mrs. North and Mrs. Trevor.

Mrs. Marshall, of Beloit, spoke on "The Next Thing in Young Woman's Work."

Mrs. L. N. Wheeler, of Lake Mills, who was for many years a missionary in China, urged the ladies to interest the children by the use of badges and mite boxes, after which Mrs. Wheeler conducted a love feast.

One of the best things on the program for the morning was the report of the Northwestern Branch meeting recently held in Flint, Mich., given by Miss Carrie Spomer, who was sent by the district as delegate.

At noon the convention adjourned and those present enjoyed a very substantial and appetizing dinner, prepared for them by the ladies of the First M. E. church and prettily served in the church parlors.

The afternoon session was especially interesting and was largely attended.

The next district convention will probably be held in Whitewater.

Disappointment of a Couple From Illinois For Not Being Able To Be Married Today.

A young couple arrived in the city today from Illinois and went to the Myers for dinner. The young man registered as Charley Smith and Mrs. Smith of Mt. Carroll, Ill. They were at once put down by the people of the hotel as a newly married couple on their wedding trip.

After dinner the young man went to County Clerk Starr's office and secured a marriage license. Here he gave his name as Lloyd Runner of the town of Freedom, Carroll county, Ill., and the prospective bride as Mabel Hanna, of Mt. Carroll, Ill. After securing his license he asked a few questions of Clerk Starr about getting married and was informed that under the laws of the state he would have to wait five days before the ceremony could be performed. He was much surprised at that and looked very crestfallen. He said he was not aware that such a law existed in this state but thought it was the same as in Illinois. He returned to the hotel and inquired of Clerk Stigen about the trains and left with his girl for the depot. Unless they can get a special permit they will have to wait here five days or make another trip into this state.

Stirred Up Johnstown Center

Johnstown Center was considerably stirred up yesterday afternoon by the appearance of a gang of ten surveyors who came in from the east. It is thought they were making a survey of an electric line from Milwaukee to this city by the way of Hale's Corners, Mukwonago, East Troy, Richmond and Johnstown Center. Nothing definite could be found out about their movements and it could not be learned for what company they were working. Some of the men were in the city for a short time last night and returned to Johnstown.

T. J. Anderson and wife left this morning for Chicago and will go from there to Indiana where his parents reside.

## FOUND A STOLEN HORSE AND BUGGY

Rig From This City Tied to a Post on the Principal Street of Beloit.

A horse and buggy belonging to Millard E. Calkins, of this city, was found this morning tied to a post on one of the principal streets of Beloit. The rig was taken last evening from North Jackson street where it had been left hitched to a post by the owner. Mr. Calkins came down town last night to visit the Rev. J. T. Henderson at the Presbyterian parsonage on North Jackson street, and left his horse tied to a post near S. D. Grubb's clothing store. He remained in the parsonage until about 9:30 p. m. and was much surprised when he arrived where he had left his rig to find it gone.

Thinking the horse might possibly have loosed itself from the post and started for home he hastened there but could not find any trace of the missing outfit. He at once returned to town and notified the police. They made a search of the city but could not locate the rig.

Officer Brown met a party on South Jackson street who saw such a rig going south towards the city limits about 8:30 o'clock. He described the rig he saw and said the party driving was hurrying the horse along as fast as possible. Officer Brown at once reported to Chief Hogan and he called up Beloit. It was then about 1 o'clock and an officer could not be found.

This morning the chief telephoned Marshall Appleby of Beloit about the rig and was informed by him that he had it in his charge. Nothing was missing from the buggy and the parties who took it evidently wanted to get to Beloit. The police were afraid that the parties who took the rig would carry off the handsome buffalo robe which was in the buggy but nothing was touched.

Chief Hogan and Sheriff Maltress are pretty well satisfied that they can name the parties that took the rig. They reside in Beloit and were here last evening visiting the two hold-up suspects who are confined in the jail. They left here about 8:20 too late to catch the last train to Beloit and probably took the Calkins rig to get home with. Their movements are now being looked up by the Beloit police and the sheriff.

FROM WAUPUN TO WAUKESHA

Ray Marsden's Father is Making an Effort to Have the Bad Boy Transferred.

Henry Marsden of Fond du Lac, brother of Ray Marsden, sent up here to Waupun a short time ago for burglary has been making a determined effort to get the boy transferred from Waupun to Waukesha.

He has applied to District Attorney Jackson and also to Judge Lyon, of the board of control, to have him transferred. Judge Lyon looked up the boy's record and stated that he found that about a year ago Governor La Follette recommended to the governor of Tennessee that the boy be pardoned out of prison in that state where he was confined for burglary on the promise by his folks that they would see that he behaved himself. His parents took no care of him and he was sent to Waukesha for burglary, he escaped from Waukesha, came back to Janesville and committed another burglary and was sent to Waupun which he considers the proper place for him.

Special Cars for Consumptives.

Denver, Colo., Nov. 6.—Frequent complaints from healthy people compelled to travel in the same car, or even in the same section, with consumptives have been received by the railroads carrying passengers to Colorado and California, and the matter will come up for discussion Thursday at the meeting of the Western Passenger Association in Chicago. The plan is to set apart cars especially for consumptives, or else construct in the cars separate compartments to be used exclusively by them. It is hardly expected that definite action will be taken at this meeting.

Miss Stone Alive, Says Dickinson.

Sofia, Bulgaria, Nov. 6.—United States Diplomatic Agent Dickinson has returned from Samakov. He authorizes the statement that he is satisfied that both Miss Ellen M. Stone and her companion, Mrs. Talika, are alive and well treated. Mr. Dickinson's return is not due to any interruption in the exchange of communications with the brigands, which are still going on. It has been ascertained that the band intended to kidnap Mrs. House, a missionary, at Salonica, at the same time Miss Stone was abducted, but the design was thwarted.

## ELECTION RESULTS HELD YESTERDAY

Democrats Win in Kentucky—Surprise in Connecticut—Big Gains in Ohio—In Other States.

Republican gains were the chief features of the elections yesterday. Especially was this the fact in states where national politics was discussed during the campaign.

That the voters were interested more than is usual in an "off year" was evidenced from the manner in which they turned out. Even when little interest had been shown before the election, an unexpectedly large percentage of the voters cast their ballots.

**Democrats Sweep Kentucky.**  
Louisville, Ky., Nov. 5.—The general assembly that was elected in Kentucky with the exception of half the senate, which holds over, will be Democratic on joint ballot by an increased majority, according to the latest returns. This general assembly will elect a successor to United States Senator William J. Deboe (Rep.), for the term beginning March 4, 1903. The returns indicate that the senate will stand 26 Democrats to 12 Republicans, the same as the old senate, and the house 77 Democrats to 23 Republicans, a Democratic gain of 17. For the first time in years the returns do not show the election of a single Populist to the assembly. In the city of Louisville the Democrats elected Charles F. Stratton (Dem.), mayor over John A. Grainger (Rep.), by about 5,000 majority. The Democrats also elected the city, county, and legislative tickets.

**Rhode Island Republican.**  
Providence, R. I., Nov. 5.—With nearly half the districts in the state heard from, the Republican plurality for the state ticket promises to run well over 6,000. This is a light vote. Seventy districts in the state out of 139 give Gregory (Rep.), 10,133; Garvin (Dem.), 6,172. The general assembly will be Republican strongly. Pawtucket and Woonsocket have elected Democratic mayors, as has also Providence. In Newport and Central Falls the contest is close. The ticket elected is as follows: Governor, William Gregory; lieutenant-governor, Charles D. Kimball; attorney general, Charles F. Stearns; secretary of state, Charles P. Bennett; treasurer, Walter A. Read.

**Surprises in Connecticut.**  
New Haven, Conn., Nov. 5.—Connecticut chose delegates to the first constitutional convention to be held in the state since 1818. Of the 163 towns in the state 165 have been heard from, showing that Republican delegates were elected in 105, Democrats in 44, and either in non-partisan, candidates in 16. Two cities of the state, Ansonia and Bridgeport, held city elections, and surprises developed in both cases. In Ansonia Stephen Charters, candidate of the Democratic and Labor party, was chosen mayor by a majority unusual there. In Bridgeport the Democrats scored a notable victory.

**Result in Mississippi.**  
Jackson, Miss., Nov. 5.—Private telegrams from larger towns indicate that the incumbents, George W. Carlisle and Joseph W. Power, who are appointees of Governor Longino, have been elected state treasurer and secretary of the state respectively. Full returns will not be received for a day or two, as numerous precincts are off the railroads and without telephone connection. All the candidates were Democrats.

**Nebraska Goes Republican.**  
Lincoln, Neb., Nov. 5.—The election in Nebraska was extremely quiet but a fairly satisfactory vote was polled. The returns from 158 precincts outside of Lincoln and Omaha give Sedgwick, Republican, for supreme judge, a total of 15,970, against 12,293 for Hollenbeck, fusion. These same precincts a year ago gave Marsh, Republican, 17,532 votes, against 14,891 for Svoboda, fusion. Chairman Lindsey of the Republican committee, who from the first has been conservative, says the Republicans have carried the state by not less than 5,000. Chairman De France, for the fusionists, does not concede defeat. The city of Lincoln and Lancaster county furnished a surprise by giving Sedgwick nearly 1,400 plurality, when it was predicted it would be less than 1,000.

**Iowa Republican by 90,000.**  
Des Moines, Ia., Nov. 5.—With a marked falling off in the vote throughout Iowa, the loss in some precincts being 40 and 50 per cent in the total vote, and the average loss for the state being one-fifth the total of two years ago, A. B. Cummins, the Republican candidate, has been elected by a plurality of something like 90,000, the largest ever for a governor in this

state. The ticket elected is as follows: Governor, Albert B. Cummins; lieutenant governor, John Herrliott; supreme judge, S. M. Weaver; railroad commissioner, E. C. Brown; superintendent of schools, R. C. Barrett.

**Republicans Carry Ohio.**  
Columbus, O., Nov. 5.—Returns indicate a Republican plurality of 66,000 and that the Democratic gains are confined to Franklin county, where Kilbourne, for governor, will have not less than 2,500 majority as against a majority of 1,728 for Nash two years ago. The result is due to the popularity of Kilbourne here at home and the fight put up by the saloon interest against Thomas H. Clark, one of the Republican nominees for the general assembly, who fathered the local option bill at the last session of the Legislature.

**Governor Crane Re-elected.**  
Boston, Mass., Nov. 5.—W. Murray Crane of Dalton, Republican, was re-elected governor of Massachusetts for the third time by a plurality of 70,408 over Josiah Quincy, the Democratic candidate. The ticket elected is as follows: Governor, Winthrop Murray Crane; lieutenant-governor, John L. Bates; secretary of state, William M. Olin; treasurer, Edward S. Bradford; auditor, Henry E. Turner; attorney general, Herbert Parker.

**Democrats Carry Virginia.**  
Richmond, Va., Nov. 5.—Although in the election the Democrats polled only about 75 per cent of their vote, the result surpassed their most sanguine expectations. The negroes took little interest in the contest, and the indications now are that the Democratic majority for the state ticket will be more than 25,000. The ticket elected is as follows: Governor, Andrew Jackson Montague; lieutenant-governor, Joseph E. Willard; attorney general, William A. Anderson.

**Big Gain in Cincinnati.**  
Cincinnati, O., Nov. 5.—With 173 precincts out of 227 in Cincinnati heard from, the majority of Nash over Kilbourne for governor is 3,046. This shows a Republican gain of approximately 5,000 in Hamilton county and insures the election of the entire Republican county ticket, including ten representatives and three senators in the general assembly. Their pluralities will range from 4,000 to 6,000.

**Both Sides Claim Cleveland.**  
Cleveland, O., Nov. 5.—At 1 o'clock a. m. returns had been received from only about one-half of the 200 precincts in this city. At that hour the indications were that the Democrats had elected the entire county and legislative ticket. The Republicans claim that Nash, for governor, leads Kilbourne in the county.

**Pennsylvania Republican.**  
Philadelphia, Nov. 5.—Returns up to 2 a. m. indicate the election of the Republican state ticket, Frank G. Harris for state treasurer and William P. Potter for supreme court judge, by from 60,000 to 70,000 plurality. The ticket elected is as follows: State treasurer, Frank G. Harris; judge of the supreme court, William Potter.

**New Jersey Goes Republican.**  
Trenton, N. J., Nov. 5.—Late returns bear out the earlier indications that Franklin Murphy (Rep.) has been elected governor by about 10,000 plurality.

**Returns from Other States.**  
The Republicans claim to have carried Maryland, Colorado and Salt Lake City, Utah. Kansas went Republican.

Mrs. Thomas Nolan of 216 Gold street has gone to Seattle, Wash., to visit her daughter.

## Baby's Coming

McDonald, Ga., July 15, 1900.

I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

**WINE OF CARDUI**

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some individual irregularities leads to ovarian pain, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under these conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.
